

Christian Ambulance Association

Prayer Diary - February 2021

*Rejoice always, pray continually, give thanks in all circumstances;
for this is God's will for you in Christ Jesus.*

The Bible | Thessalonians 5:16-18

1st-7th

However the figures are referred to, for every life lost involves more than the number we are constantly reminded of, none more than those in the Emergency Services especially, friends and colleagues in the Ambulance Service who have sadly passed away.

There is a husband, a wife, a father, a mother, a daughter, a son, a colleague, a friend behind every one of those numbers so this week, focus your prayers on those who have been left feeling the hurt, the pain and the loneliness' associated with that grief.

As difficult as the numbers are to comprehend, we remain mindful that we are now entering the second year where Covid19 has been prominent in our lives and those anniversary's that will therefore, re-invoke those memories of loved ones lost and the impact upon all.

8th-13th

This week we bring ourselves before God as we spend time in His presence. With all the pressures both personally and professionally, taking this week out to focus our prayers on ourselves should not be seen as being presumptuous but a necessary step in our continuing relationship with our Father for Jesus Himself, took time out to pray and we should in response follow His example.

14th-20th

Please pray for all those in the Primary Care sector as they work continuously to deal with the pressures that Covid19 brings. For every person on the front line then there will be many working in backroom functions in areas of the NHS that go unnoticed as they support the front line with increases in their workload and the resulting impact upon their own health and well-being.

Pray also for those at the executive level in each of the Ambulance Trusts that they too, when faced with difficult decisions from a strategic perspective, the focus remains firmly fixed on the need to respond to patients as well as the needs and requirements of staff.

21st-28th

As we draw the month to a close, use this week to focus your prayers on those areas that impact and continue to impact upon your own lives professionally and personally. Pray for someone you know who is going through a difficult period in their life at this time

Pray for a colleague; for someone you know who is ill; someone with whom you can share and encourage the Gospel; make amends where wounds and scars exist, pray for someone who is very much on your heart at this time and why not let them know what you are doing thereby bringing hope into theirs lives as we renew that hope for the future in ours.
